Please contact
us for more
information

The Source Code Protection Plan is a special service offered to all Authorized DocuWare Partners and users, designed to protect your investment in DocuWare's proprietary technology.

Enrollment in the Plan ensures your accessibility to vital source code, documentation and other proprietary materials required to maintain or support your system, in the event that DocuWare experiences a service interruption or failure.

You can enroll in the Plan online, without negotiating or signing separate papers or contracts, and enjoy the comprehensive benefits of Guard-IT Corporation's software escrow services.

Benefits

Enrollment in the Plan provides your company with the following benefits:

- Contingent access to source code, data and vital system information, reducing your risk of downtime, reinstallation, retraining, etc.
- Written confirmation of your enrollment
- Written semi-annual status reports
- Written confirmation of all updates made to the source code and other materials
- Access to copies of escrow agreement (fee)
- Special savings when you establish your own Source Code Protection Plan

Enrollment

To enroll in the Plan as either a DocuWare Partner or user, visit www.guard-it.com/dwenroll.html.

Once enrolled, you will receive a letter from Guard-IT confirming your enrollment and status as a DocuWare beneficiary, entitled to the benefits described in this brochure.

You will also receive semi-annual status letters and written confirmation of all updates that DocuWare makes to its original source code and other proprietary materials.
